Richard Kelly (he/him)

Phone: 07841 770294

E-mail: Richardkelly1612@hotmail.com

Address: 79 Middleham Road

Professional Summary:

An experienced web developer proficient in frontend technologies including CSS, HTML, JavaScript, and React. Dedicated to continual growth, I actively pursue learning opportunities to expand my skill set and stay abreast of emerging languages and frameworks. Known for my meticulous attention to detail, problem-solving abilities, and a passion for crafting innovative solutions, I am committed to ongoing self-improvement and fostering a mindset of lifelong learning.

Development Skills

- HTML, CSS, JavaScript (ES6), React, Figma and NPM (Node Package Manager)
- Version control software such as Github or Gitlab
- TDD Test Driven Development
- CMS platforms - especially WordPress
